

New Source Review newspaper advertisements for construction permit applications, September 20, 2018. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications will be published on one of the following dates: September 18-20, 2018. Public notices are generally published every week. The previous publication of public notices was August 30, 2018.

### PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-03-09-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mrs. Michelle W. Owenby, Director, Division of Air Pollution Control, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, 15<sup>th</sup> Floor, Nashville, Tennessee 37243 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Any individuals with disabilities who wish to participate in these proceedings or to review these filings should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such initial contact may be in person, by writing, telephone, or other means, and should be made no less than ten (10) days prior to the hearing, or the date such party intends to review such filings, to allow time to provide such aid or service. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 2<sup>nd</sup> Floor, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, Nashville, TN 37243, (866) 253-5827 (toll free) or (615) 532-0200. Hearing impaired callers may use the Tennessee Relay Service (1-800-848-0298).

### HEADER

The applicant is Titan Tire Corporation Of Union City with a mailing address of 2701 Spruce Street, Qunicy, IL, 62301. They seek to obtain an air contaminant permit (Division identification number: 66-0012/974823) for construction of two Platen Presses (PP5 and PP8) located at 3260 Goodyear Boulevard, Union City , TN, 38261. Source 107: This proposed operation would consist of a two (2) platen presses and associated equipment used to make rubber mats. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted at this facility. Mr. Chris Meek is the assigned Division person.

For the Obion County "Union City Daily Messenger"--publish once on Thursday, September 20, 2018.

### HEADER

The applicant is TPR Federal Mogul Tennessee, Inc. with a mailing address of 201 Helton Drive, Lawrenceburg, TN 38464. They seek to obtain an air contaminant permit (Division identification number: 50-0143/974807) for modification of the finishing cells operation located at the same address. Source 08: This existing operation consists of associated equipment used to make cylinder casings for automotive engines. The company is requesting to expand the hours of operation which would result in an increase in VOC emissions. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would not be physical construction. Regulated air contaminants would be emitted at this facility. Mr. Chris Meek is the assigned Division person.

HEADER

The applicant is Feed & Farmers Supply with a mailing address of 2654 Highway 149 E, Erin, TN 37061. They seek to obtain an air contaminant permit (Division identification number: 42-0010-01/974446) for modification of corn feed mill located at the same address. This existing operation mills corn to make feed for animals. Cyclone control is used to control particulate matter emissions. There would not be physical construction. Regulated air contaminants would be emitted at this facility. Mr. Chris Meek is the assigned Division person.

For the Houston County "Stewart-Houston Times"--publish once on Tuesday, September 18, 2018.

The applicant is Tinsley Asphalt, LLC with a mailing address of P.O. Box 1955, Tullahoma, TN 37388. They seek to obtain an air contaminant permit (Division identification number: 58-0081-01/74641) for the modification of a Batch Mix Asphalt Plant Operation located at 802 19<sup>th</sup> Street, South Pittsburg, TN 37380. This existing operation consists of a batch mixer, asphalt cement storage, crushed aggregate storage piles, and reclaimed asphalt pavement for making hot mix asphalt concrete. Fabric filter bags (baghouse) are used for pollution control. The requested modification is to use new emission factors of AP-42, for Hot Mix Asphalt Plants, Supplement to 5<sup>th</sup> edition, 03/04. The status of this facility would be changed from a Minor Source facility to a Conditional Major facility. There would be no physical construction. Regulated air contaminants emitted by this source would increase. Mr. J. Horton is the assigned Division person.

For the Marion County "Jasper Journal"--publish once on Thursday, September 20, 2018.
